

Brush Pick Up Press Release

Due to the extensive brush pick up that was done after Tropical Storm Isaias, the town will not be doing brush pick up this year. It will resume pick up in the Spring of 2022 and will then continue on an even year schedule.

Residents with a permit may bring brush to the Transfer Station. (Permits may be purchased there). Brush must be no larger than 4" in diameter and will be charged based on weight.
