Water Diversion Registration Reporting Deadline

DEEP has issued a notice of availability of forms for the reporting of operating data for registered diversions and submission deadline, linked below.

The deadline for diversion registrants to submit their first completed reporting form was **Sunday, January 31**.

If you have missed the registration deadline, please submit your forms immediately via the link below.

Helpful Hints - Please make sure the following are correct before submittal

- Make sure that you are using the most current reporting form, dated 5/20/2020 (*the reporting form provided in the link below is the most current reporting form*)
- To fill out the form correctly, you must select the "Enable Editing" and "Enable Content" buttons that may appear at the top of the spreadsheet
- Withdrawal amounts must be entered as million gallons, not gallons (i.e. enter 0.250 million gallons instead of 250,000 gallons)
- The Excel file of the reporting form must be submitted
